Yes, thank you Jennifer for the input.

Sean, we can start to incorporate many of these edits, but as you point out, some of these graphs really do require the verbal part of the presentation and we're prepared to help support Sean on that Monday.

Scott

Hi Sean,

My general take-away is the condensed points and graphic are GREAT, so clear and helpful. Below are small comments/questions from someone without a technical background. Sometimes, for example, I'm asking y'all to state the conclusions that seem so obvious to you but need to be drawn out for me. Would it be helpful for us to have a quick call after you review?

Sean ,

As per our meeting earlier today, attached is the draft PDI briefing presentation for the Monday meeting with Cyndy et al. Please provide feedback by Monday 10am PST so that we may incorporate changes.

Note: There are a couple slides with talking points that just don't have fitting illustrations. Kyle and I discussed the options for possible illustrations of these topics, but felt they would confuse rather than clarify.

Also – I've Cc'd Karl since he's seen all of these slides and material before, but I wasn't sure if we could/should pass this draft on to Jennifer Nearhood so she can see we incorporated her input/advice on

keeping the slides and talking points short. I'll leave distribution decision to you Sean.

Thanks,

Scott
